⚠ CONFLITTO DA SEGNALARE AL CLIENTE

Voce: `[IMPLEMENT - CLIENT PREFERRED/EXACT]` — Chiusura Industries

Richiesta cliente: cambiare l'heading "How We Create Value" da *"Across every industry, the same commitment to measurable growth."* a *"Different industries. One standard of executive commitment."*

Problema: la sezione Sector Cards (subito sopra) ha già l'heading:
"Five industries. One standard of executive commitment."

Le due frasi sono quasi identiche nella seconda metà. Avere *"One standard of executive commitment"* ripetuto a distanza ravvicinata indebolisce entrambe le sezioni.

Heading attuale mantenuto: *"Across every industry, the same commitment to measurable growth."* (testo originale, non crea duplicazione)

Opzioni per il cliente: 1. Approvare il testo originale per "How We Create Value" e lasciare il testo cliente solo nella sezione Cards 2. Cambiare l'heading Cards in qualcosa di diverso e usare *"Different industries. One standard of executive commitment."* su How We Create Value 3. Indicare quale delle due sezioni deve avere *"One standard of executive commitment"* e cosa mettere nell'altra

Ultimo aggiornamento: Industries completata — modifiche IMPLEMENT e REVIEW implementate. Un conflitto testuale segnalato al cliente.

Prossima pagina: Leadership — in attesa di approvazione.
